

## Chlorphenesin

**CAS No:** 104-29-4

**Molecular Formula:** C<sub>9</sub>H<sub>11</sub>ClO<sub>3</sub>

Parameters	Specifications
Appearance	White or Off White Crystalline Powder
Assay	>99%
Solubility in Methanol 10% w/v	Complies
Melting Range	78-81 deg C
Sulphated Ash	Max 0.1%
Sum of residual solvents	Max 50 PPM

### Applications:

Antimicrobial used in cosmetic preparations, heat resistant and has a good skin tolerant.
